The screenshot shows a Windows dialog box titled "Add Account". The main heading is "Server Settings" with the instruction "Enter the information that is required to connect to an Exchange ActiveSync service." The form is organized into several sections:

- User Information:** Includes fields for "Your Name" (containing "Test"), "E-mail Address" (containing "example@outlook.com"), "Mail server" (containing "s.outlook.com"), and "Logon Information" (containing "User Name" as "example@outlook.com" and "Password" as a masked field).
- Offline Settings:** Includes a "Mail to keep offline" slider set to "All" and a checked "Remember password" checkbox.

At the bottom of the dialog, there are three buttons: "< Back", "Next >", and "Cancel".
